

Scanner

ScanPartner® 15C Workgroup Color Document Scanner

The complete imaging solution that enables workgroup users to communicate documents anywhere, anytime.

- Up to 15 page-per-minute scan rates
- 50-page built-in automatic document feeder (ADF)
- Color and black-and-white scanning for document imaging, business graphics and presentations
- Handles documents as large as legal size (8.5" x 14")
- Single-pass 30-bit color and 256-level grayscale
- Includes Eastman's Imaging for Windows® Professional Edition Software
- Drivers for TWAIN and ISIS
- One-year No Excuses™ limited warranty

Fujitsu's ScanPartner 15C provides a complete imaging solution for workgroup-level users who have a demanding workload and a limited budget. This productivity tool's broad feature set includes color and black-and-white capabilities, versatile paper handling and fast scan rates, giving users the widest degree of functionality across small business and different departments in a large company. This complete workgroup solution makes acquisition and management of image based information affordable.

Hands-Free Scanning Increases Productivity

Capable of delivering 15 page-per-minute scan rates, the ScanPartner 15C will greatly increase the productivity of businesses or workgroups in a large company. All types of workgroups—from human resources to accounting and sales departments, and more—will be able to accomplish a multitude of tasks with its built-in 50-page automatic document feeder (ADF). For the ultimate in paper handling flexibility, the ScanPartner 15C's ADF accepts both letter and legal-size color and black-and-white documents and its flatbed accepts odd-sized documents. In addition, the ScanPartner 15C's industry-standard SCSI-2 interface lets users take advantage of faster communication speeds along with the added bonus of being able to utilize a wider range of document imaging systems.

IMAGING

Workgroup

Departmental

Production

Easy to Learn. Easy to Use.

The ScanPartner 15C includes the Fujitsu ScanRight™ Image Kit—a collection of advanced tools designed to increase the ease of installing, using and maintaining Fujitsu scanners. With the simple-to-use software included in the ScanRight Image Kit, anyone can get their scanner up and running in no time at all. The kit also features a TWAIN driver compatible with all TWAIN-compliant applications, and support of ISIS drivers.

Also included with the ScanPartner 15C is the productivity-building software Imaging for Windows® Professional Edition from EASTMAN SOFTWARE.

With Imaging for Windows, users can easily scan, view, enhance and annotate paper documents and faxes, then share them across an organization. Its OCR capabilities eliminate the need for manual data entry by transforming image documents into editable text that retains columns, fonts and point sizes with extreme accuracy. Users can even choose from a wide variety of document annotation tools, including a color highlighter, lines, text blocks, rubber stamps and sticky notes.

No Excuses Limited Warranty

Fujitsu stands firmly behind its scanner products with the No Excuses limited warranty program

designed to guarantee the cost-effectiveness and reliability of the ScanPartner 15C. During the first year of operation, No Excuses provides purchasers of the ScanPartner 15C model with a full replacement scanner in two business days in the unlikely event they experience problems.

About Fujitsu Computer Products of America

Fujitsu Computer Products of America is a wholly owned subsidiary of Fujitsu Limited, one of the world's largest computer companies with \$37.7 billion in worldwide revenue. Benefiting from Fujitsu Limited's \$3 billion annual investment in research and development, Fujitsu Computer Products provides innovative solutions for the U.S. marketplace.
